## COMFORT SUPPORT OF MESH

A well-designed office chair helps you to engage a variety of tasks every day, improve productivity, and promote a good working environment. Havana mesh chair meets all these requirements with its comfortable and stylish design.

### • Contour Seat

A refined contour seat with see through mesh provides a comfortable and airy contact, which is pivotal for long hours of seating in the office.

### • Synchronized multi-locking mechanism

Automatically coordinates your seat and back movement, allows every seating position an ideal balanced posture.

### • Adjustable Armrest

Height adjustable armrest comes with push button to set the armrest at different required position for comfortable rest.

### • Tilt tension control

Allow you to rock or recline backwards to a set limit to suit with your posture and enhance the support for prolonged sitting.

### • Adjustable seat height

Provide personal comfort to raise or lower the seat to match your height for desktop tasking.

### • Headrest

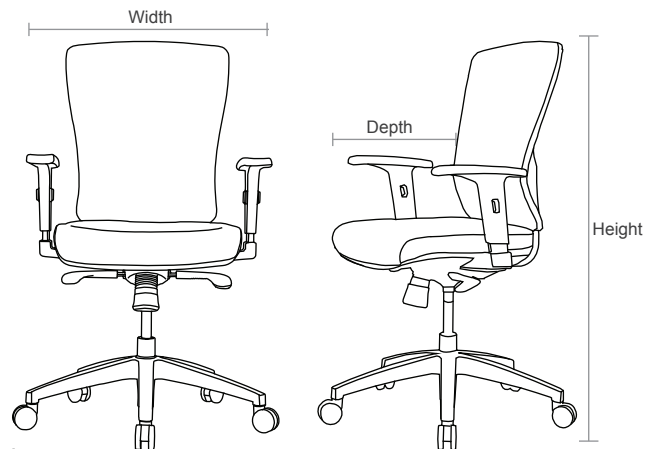

Tilt angle and height adjustment supports your neck and prevents cervicalgia.

### • Lumbar support

Tilt adjustment lumbar support to allow it blend according to your sitting posture.
